CONSTRUCTION LABOR CONTRACTORS
Construction Labor Contractors (CLC) is a National Construction Staffing Firm. Since 1997 CLC has performed 30 million labor hours coast to coast. CLC specializes in providing commercial and industrial contractors with qualified skilled labor. Over the years, we’ve been reducing headaches for contractors and industrial project managers by providing quality on demand skilled construction workers, flexible skilled labor and HR management. With leased construction labor staffing from CLC, life gets a lot more workable.
CHALLENGES

1. Body Count – complete lack of industry workers
2. Skill Set – lack of qualified workers, most are all genlabs
3. Drug Testing & Background Checks – 40% success rate
4. Wages – competition is gobbling up the workers with higher wages
5. Retention – keeping employees once found and hired

PARTNERS FOR A COMPETITIVE WORKFORCE
A GROWING SKILLS GAP IS HAMPERING OUR PROGRESS

• The good news: Cincinnati is growing jobs
• But, 50% of employers struggle to fill jobs
• 25,000+ jobs open today, despite 85,000+ people looking for work
9 OUT OF 10 WELL-PAYING JOBS REQUIRE SOME EDUCATION OR TRAINING BEYOND HIGH SCHOOL
BUT NEARLY HALF OF OUR CURRENT WORKFORCE LACKS ANY EDUCATION BEYOND HIGH SCHOOL
PCW IS OUR REGION’S EFFORT TO CLOSE THE SKILLS GAP

- Partners for a Competitive Workforce is a tri-state partnership, managed by United Way
- We are 150+ organizations joining efforts…
  - Employers
  - Workforce boards
  - Chambers and economic development
  - Education and training institutions
  - Community organizations
- Leverage more than $50 Million to support local workforce strategies
OUR MISSION IS TO MEET EMPLOYER DEMAND BY GROWING THE SKILLS OF THE WORKFORCE

1. Align education with industry needs
2. Build career pathways in healthcare, manufacturing, construction, IT and supply chain
3. Provide businesses with a qualified workforce and implement strategies to build the talent pipeline

CONSTRUCTION INDUSTRY PARTNERSHIP

- Since 2008, the CIP served more than 1,063 individuals with 86% completing training earning 1,637 nationally recognized credentials
- 83% of completers obtained employment with 60%* retaining employment after 12 months

*We believe the retention outcome is under reported due to challenges in collecting and verifying data
CURRENT STATE OF CONSTRUCTION INDUSTRY

• Regional projections for construction industry jobs are favorable. According to a report produced by Economic Modeling Specialist International (EMSI), construction industry jobs in the Greater Cincinnati Tri State Region will increase by 12% by 2020, adding 5,000 new jobs due to growth

• Top 5 construction related occupations include: laborers, carpenters, electricians, plumbers pipefitters and steamfitters and first line supervisors
BUILDING FOR 2020

• In an effort to better position local companies for projected growth, the Construction Industry Partnership issued a call to action to stakeholders of the construction industry to become proactive in building a workforce to meet future industry demands
As an important step in fostering an industry-wide commitment to building for 2020, the Construction Industry Partnership hosted a forum on September 30, 2015 at Allied Construction Industries. Nearly 60 construction industry stakeholders attended and discussed several issues and created subcommittees to develop strategies and next steps.
